### Sweet Sally's Bakeshop

Truly homemade flavor and made from scratch, without the work. Sweet Sally's offers beautiful packages that include double chocolate scones, sour cherry white chocolate scones and lemon and currant scones in a cute round tin.

Perfect for a bridal shower or as wedding favors. We love the black and white cookies for an elegant black and white wedding. All natural with no preservatives. Scrumptious and a tiny bit decadent.

### Peterbrooke Chocolatier of Winterpark

Just about every woman's favorite things: cute shoes and chocolate. Now, what if you can combine the two? Perfect, right? Ok, while you can't wear these shoes, they are delicious. Inspired by Jimmy Choo styles, they are custom-made and can be varied in color and design to fit any theme. Wouldn't it be fun to have a chocolate replica of your wedding shoe! And they don't have just shoes, they have other great chocolate confections.
